## FHA Week Highlight Meeting In Devine

**Elaine Prude  
Joins  
Herald Staff**

The pleasant voice most telephone customers hear when they call the Anvil Herald these days is that of Mrs. Elaine Prude, newcomer to Hondo and wife of student officer Lt. Royce Prude at Hondo Air Base. Mrs. Prude replaces Mrs. Millie Eckhart as office manager.

She is a graduate of North Dallas High School and attended North Texas State College. Prior to her marriage in July of this year, Mrs. Prude worked as a receptionist for a large surety company in Dallas.

Elaine would appreciate your telephone calls on social activities and personal items for Hondo news.

### Letter Commends Garden Club

Mayor O. A. Fly has received a letter commending the Hondo Garden Club on the fine work the organization has done in beautifying the railroad and highway right-of-way over a five-block area.

The letter is from J. W. Kraemer, superintendent of San Antonio Division, Southern Pacific Lines. It reads in part:

"The Ladies' Garden Club at Hondo has certainly done a beautiful job in improving the property and, during my train travels through Hondo, I hear many favorable comments from the passengers as to the cleanliness and beautification of your city. This also makes me very proud."

"These ladies are due a lot of credit for the wonderful work they are doing and hope you will express my views to them."

The City of Hondo leases land from the railroad company, and then sub-leases it to the garden club in order that the beautification projects can be carried out.

### Theft Reported From Parsonage

Thieves made way with \$40 worth of clothes and household linens from the back yard of the Methodist parsonage either Saturday night or during the early hours Sunday.

A sheet, some towels and lingerie were hung on the line to dry just before dusk Saturday and were not quite dry when checked by Mrs. L. A. McDaniel that night, so she left them hanging.

Noticing they were gone Sunday morning, the McDaniels reported the incident to the sheriff's office and some clearly marked footprints were found. As yet, the thieves have not been brought in.

### Conservation-Minded Men Build Diversions, Tanks

The cool season is here and dryers continue to sweep into Medina Valley Soil Conservation District again to the lack of moisture. Many farmers and ranchers have held back on planting and legumes so badly need for winter feed and soil improvement. But rains this week will be sufficient to warrant going ahead with planting other phases of conservation, and ranchers are continuing at a rapid pace.

Arthur Poerner, located below, is building a diversion to outside water from gulleying fields. He is then terracing fields for protection against erosion and at the same time ensuring his field to hold the water so important for crop production.

### WE PAY HOMAGE TO OUR ARMED FORCES

On Veteran's Day, we salute the members of our armed forces, past and present, who have fought to preserve America's freedom!

Let us not forget their courage and sacrifice!

MISS LUCILLE RIHN

### MISS RIHN IS CASTRO SWEETHEART

Miss Lucille Rihn, daughter of Mr. and Mrs. Edwin Rihn was elected "Homecoming Sweetheart" for the Second Annual Castroville High Homecoming. She will be presented at halftime Saturday night, Nov. 12, when Castroville Wildcats play the LaCoste Eagles.

Lucille, a 17 year old senior, is president of the Senior Class, recording secretary of the Student Council, business manager of the Annual Staff, and historian of the F. H. A.

She also has been cheerleader for the Castroville Wildcats for the past three years. Her favorite sport is basketball and she plays as guard on the team. Last year she was chosen All-Star Basketball Player.

### Mayor Sharp Announces Plans For Veterans Day

CASTROVILLE — In accordance with a proclamation issued by the President of the United States, Mayor M. Woodrow Sharp of Castroville requests all citizens to observe Friday, Nov. 11 as Veterans Day. Mayor Sharp asks that everyone participate in the ceremonies which will be conducted by the Weiss-Wurzbach American Legion Post at Castroville.

A parade will form at the Legion Hall at 10:30 a.m. and march to September Square where appropriate homage will be paid the Veterans of all wars of this Nation — those who fought so valiantly on the seas, in the air and on foreign shores to preserve our heritage of freedom.

Conservation is a must because the economy we live in tomorrow will depend on how well we conserve the fertility of our soils today.

Candidates for queen are: 3rd grade, Linda Rae Keith; 4th grade, Sandra Williams; 5th grade, Sharon Briney; 6th grade, Grace Pena; 7th grade, Margaret Flack; Freshman, Priscilla Honfleur; Sophomore, Veda Saunders; Junior, Janice Summons; and Senior, Jean Harrison.

### LaCoste To Honor Veterans

LaCoste's active Veterans of Foreign Wars Post is making big plans for Veterans' Day, according to Charles R. Bauerlein.

At 1:30, members of Post 8134 will meet at the State Hospital in San Antonio, passing out cigarettes, candy, soft drinks, cookies, ice cream and chewing gum to veterans who are confined there.

That night, a program will be held in the LaCoste High School auditorium. It will include Al Ducrey and his violin, solo "My Buddy" by Wm. Fojtik, Post 8134 ritual team, solo "Sleep Soldier Boy" by Ken Clover, an address by Maj. Noel Didear, and taps by Wm. Fojtik.

Maj. Didear, guest speaker, is Commanding Officer of the 182nd Jet Fighter Squadron. The program, which begins at 7:30 is free and the public is invited. Following this, refreshments will be available at VFW Hall.

D'HANIS — Mrs. Ernst Brotzke, 76, passed away in North Hollywood, Calif., on Oct. 24 after an illness of about a month.

The former Theresa Batol of D'Hanis, she was brought back to D'Hanis for burial in W. O. W. cemetery on Saturday, Oct. 29, 1955. The Rev. K. Windecker, pastor of St. Paul's Lutheran Church of Hondo, officiated at the church services.

Mrs. Brotzke's survivors include: Three daughters, Mrs. Griffin Adair of Sacramento, Calif.; Mrs. Thelma Watts and Mrs. Ernestine Crouch of North Hollywood, Calif.; two sons, Robert of Pecoma, Calif., and Ernest of Alaska; 2 sisters, Mrs. Wm. Hugel of Hondo and Mrs. Agnes Stork of San Antonio; and three brothers, Joe Batol of Eagle Pass and John Batol of D'Hanis and Martin Batol of San Antonio.

Chadwick, a well known cattle breeder, is selling off his complete Santa Gertrudis herd from his Hondo ranch. He is converting to an irrigated feeding operation, and will dispose of his breeding herd.

He is holding the sale in the Green Valley cattle barns at San Marcos, about a mile and a half out of town, so that buyers will be assured of shelter in case of bad weather.

Six nephews of the deceased were pallbearers. They were: Roy Nester, Orlie Woods, Raymond Batol, Carroll Parrish, Earl Homesley and W. Zerr.

Among the out-of-town people

who attended her funeral were: M&M Joe Batol, M&M Mike Wipff of Eagle Pass; M&M Roy Nester and son, Charles of Houston; M&M Kasper Batol of Columbus; M&M Eari Homsley and son of Flatonia; M&M Joe Ballen and son of Elmendorf; Mrs. Lena Metzker, Mrs. Mina Ruhn, Mrs. Martin Batol, M&M Gus Batol, M&M Allen Koch and M&M Charles Rogers, Mrs. Ed Jones, M&M Alvin Huegele, M&M Carroll Parish and daughter, Mrs. Jimmy Johnson, Mrs. Richard Wolforth, and Miss Virginia Mrs. Frank Baumann and daughter, Carol and Mrs. Fred Busch, all of San Antonio.

Army 2d Lt. Alfred J. Stein, Jr., 22, whose parents live in Rio Medina, recently completed the officers basic course at the Anti-Aircraft Artillery and Guided Missile School, Fort Bliss, Tex.

Lieutenant Stein received instruction and training in anti-aircraft weapons at the school.

He was graduated from St. Mary's University in San Antonio before entering the Army last July.

### Six Schools Enter District FFA Contest

The Revaldina F. F. A. District Leadership Contest, held in Hondo Nov. 5th, was entered by six schools.

Each school had at least one

team to qualify for Area 7 Leadership Contest. Teams placing first or second in district contests are qualified to enter area competition.

There were more than 125 boys taking part in the different events.

#### Greenhand Division

On the FFA quiz, D'Hanis won first, Nueces Canyon was second, LaCoste was third and Natalia placed fourth.

In the chapter conducting event Hondo was first; Leakey, second; Devine, third and Nueces Canyon, fourth.

Natalia placed first in farm skills, LaCoste was second and Hondo came out third.

#### Chapter Division

In Farm skill demonstration, Natalia placed first; Hondo, second; Leakey, third and LaCoste, fourth.

Chapter conduct was won by Hondo. Second was Devine, LaCoste ranked third and D'Hanis, fourth.

For radio broadcast contest, Leakey was first, Devine was second, Hondo placed third and LaCoste fourth.

#### Area Contests

The Area 7 FFA Leadership contest at San Marcos Nov. 12 will be held with 10 teams from the area entering each of the six events.

The first place winner will qualify for State Leadership contest to be held in Huntsville in December. All first place teams will receive plaques — second and third place teams will receive banners.

#### Natalia Enters

NATALIA — The Natalia Chapter F. F. A. will be represented in the Area contest by two teams which won first place in the District F. F. A. contest held in Hondo, according to B. C. McDonald local instructor.

The Chapter Farm skill team, composed of Johnny Ward, II, Bill Kirby, and Jimmy Putman, also the Greenhand Farm Skill Team, composed of Dale Park, Karl Buechler, and Allen Lee both placed first and will represent the Revaldina District in the Area Contest. Natalia's Greenhand Quiz team composed of Niel Strickland, Wesley Lemons, and Walter Pollock, placed 4th in the District contest.

### JERRY HOWARD, well known young rancher from Devine, was elected president of the Medina County Farm Bureau recently.

New Sweep-ahead styling  
New Sizzle to match**

WHAT YOU SEE pictured here is Buick for 1956—and from the gleam of that "V" grille to the sassy slant of the tail fins, you can see it has no equal for gorgeous good looks.

But what you see from the curb is more than matched by what you feel at the wheel—and that's gospel.

For this Buick gets its zoom from a mighty 322-cubic-inch V8 engine lofted to a new record high in power and compression—and from a spectacular new advance in Variable Pitch Dynaflow.\*

What's new in the '56 Dynaflow is this: in the first inch of pedal travel—and not with wide-open throttle—your Buick moves from

standstill to cruise with silk-smooth, instant and certain getaway.

But comes a sudden need for safety-surge action to get out of a tight spot—and you floor the pedal to switch the pitch of this airplane-inspired transmission. Instantly and smoothly, you're at full-power acceleration—a thrill beyond words.

There's a lot more we could tell you about these great new Buicks—about brilliant new interiors, a superb new ride with a safer "sense of direction," and new safety features everywhere you look.

But the best way to get the whole story of the best Buick yet is right at the wheel of one of these '56 beauties. So drop in this week and do just that.

You have already learned that everyone knows how to run a school, and some never hesitate to tell you and more elaborately their "close" friends what's wrong. Let them do the talking, you do the studying and teaching of the child, for after all the child is the only reason for schools."

In speaking on democracy he emphasized, "If democracy is to survive, we have got to participate in it. You are, or should be,

better equipped than the average citizen to not only take part yourself, but urge the participation of those about you. You have too long set back and been afraid to participate because of criticism.

"You should be proud to be called a professional educator because most people realize that you are also an American citizen. Don't let any one tell you that you should not take an active part in city, county, state, national and school affairs. This includes elections. There are too many unpaid Poll Tax, unused ballots, undecided issues. You do not have to be an office-holder to know about government, anymore than you have to be a horse to judge a horse show."

To encourage "taking part" Gunn pointed out, "Any teacher who can handle the problem child of a School Board member can understand politics. Anybody who can size up a red-headed kid on the first day of school and tell whether to put him on the front or back row can also size up their community. Work with all phases of community life and help get the job done. Don't let little things or little people stop or worry you. There's no use trying to figure out why a black hen lays a white egg - get the egg."

The speaker is past President of The Alamo District Teachers Association (San Antonio Area), Southwest School Mens Organization (Uvalde Area); and served on several state education committees before coming to Houston this year. He published two weekly papers and was director of the South Texas Press Association.

Daring the teachers to cast aside fear and get into civic affairs Gunn said, "For generations teachers have lived in a sort of fear. Fear of public criticism. Maybe that is the reason people so often have looked at and spoken of you with pity. When you went into the profession, knowingly or otherwise, you agreed to live in a glass house. You cannot escape being modeled after. You should not want to."

"You can spend your life time working your heart out for children, people and your community, and still be severely criticized for things which are as untrue to you as they are to the persons who imagined them. Do not ever let this bother you and your profession. You and your God know what you have, and are doing for the good of humanity. Remember -- it's not what your house looks like; it's what goes on inside that counts -- the glass wall often gives warped minds of little people a desired chance to condemn", the Chamber Public Works Manager added.

"You have already learned that everyone knows how to run a school, and some never hesitate to tell you and more elaborately their "close" friends what's wrong. Let them do the talking, you do the studying and teaching of the child, for after all the child is the only reason for schools."

## Lily Pons Guest Soloist With SA Symphony 12th

The glamorous and beloved coloratura soprano Lily Pons will be guest soloist with the San Antonio Symphony and Musical Director Victor Alessandro at the second subscription concert at Municipal Auditorium Saturday night.

Miss Pons has scheduled two of the most difficult and demanding arias from operatic roles for her concert appearance. She will be heard in Verdi's "Cara Nome" from "Rigoletto" and "The Bell Song" from "Lakme".

While on her European tour Miss Pons found a musical novelty of great interest which she will introduce this year, the Grand Aria from Igor Stravinsky's opera "La Rossignol". The composer himself edited the musical setting for the great coloratura.

Rueben E. Senterfitt, speaker of the House of Representatives and candidate for Governor of Texas, will make a speech concerning Veterans problems in Texas on Veterans day, Nov. 11, at 11:30 a.m., at the American Legion Hall. This will be a major appearance for Mr. Senterfitt in his campaign for the Governorship.

THIS STORY OF A PIONEER

## NICHOLAS HABY

Who wants to forget the early pioneer? Those who blazed the way to civilization in a new land and established new homes with new environments. These pioneers came to Texas and settled in Castroville, Quill, D'Anis, Vandenberg, New Braunfels and Fredericksburg.

One of the Castro pioneers was Nicholas Haby, born in Alsace, Germany in 1821. He, his brother, Josef, and others started to the unknown "lands of milk and honey" in September, 1843. The ship was an old delapidated vessel; it took 121 days to make the voyage from Europe to Galveston, weather conditions were favorable and no accidents happened. From Galveston, the ship sailed to Port Lavaca and from there it was a long tedious trek to San Antonio. There were six wagon loads of colonists that came to San Antonio where they remained until Mr. Castro arranged for a grant of land west of the Medina River. Mr. Castro headed the colonists to the Medina River where the first settlement west of San Antonio was founded. The colonists were amazed at the wonderful scenery and the wild game they saw en route. The country was an open prairie, deer, turkeys and mustangs were in abundance.

Nicholas was quite a nimrod. The first year, he killed 200 deer, 10 bears and several panthers. He sold the venison and other wild meats to the colonists.

Charles de Montel, was a member of the colony. He too hunted much.

Another noted pioneer was Big Foot Wallace. He lived below Castroville in a community called Moore Hollow. He would visit in the colony and narrate his experiences.

On his hunting trips, Haby met Capt. Jack Hays and his 12 men scouting the country for hostile Indians who had been making raids upon the German settlers. Quill - and stole their stock. Some of the tribes at first were friendly. They would visit and bargain in deer and turkey. They would match horse races, and often would show their skill in horseback riding in performing some brilliant but daring and dangerous feats in horsemanship. These were of the Lipan tribe, but sometimes the Comanches and Kickapoos would venture into the community. The Indians became hostile. They would not work but would steal and often kill the settlers who had very little use for the red skins.

This first trip was but an adventure for Nicholas. In 1846 he returned to Germany to get his people. His mother had died. His father, brothers George, Jacob, Ambrose and Andreas, and two sisters Maria and Margaretha

## SECO PHILOSOPHER CLAIMS He's Taking The Lead In Holding Prices Down, Avoiding Inflation

Editor's note: The Seco Philosopher on his Johnson grass farm this week is taking credit for something we're not sure he's entitled to, but you can be the judge of that.

Dear editor:

When Texas became an independent country, 1836-46, Mexico proceeded to try to regain the lands they had lost by making war. In 1846, Haby enlisted in Company D, Texas mounted volunteers under Captain Veach. He did service until the close of the war.

After the war the Habys settled on the Medina River near Rio Medina (then Gerromo after an Indian) and started farming, stock raising and Indian fighting. Nicholas settled on the west bank of the Medina.

## Pvt. Cecil Booth Trained As Cook

SCHOFIELD BARRACKS, HAWAII-Pvt. Cecil R. Booth, son of Mrs. Mary E. Booth, Castroville, Tex., recently was graduated from the Army's Pacific Food Service School in Hawaii. Private Booth completed the school's cook's course.

A member of the 25th Infantry Division's 35th Regiment, Booth entered the Army in October, 1954 and was stationed at Fort Bliss, Tex., before arriving for duty in Hawaii.

For example, I haven't raised

the price of cattle. As a matter of fact, I'm getting a little less for a calf this year than I got last year. Nobody's caught me raising the price.

While I don't raise any hogs, I know if I was my hog prices would be not only lower than they were last year but lower than any time in the last 10 years. And the same thing goes for cotton, wheat, rice, corn, maize, etc.

In fact, I'm not alone in this at all, other farmers are following my lead and are using restraint in raising their prices.

The price of steel, cars, telephones, etc., may have gone up, but do you know of a single farmer who has raised the price of his products?

You won't catch us farmers causing any inflation, and if that's all that's standing in the way of even bigger prosperity in 1956, we've got it made.

Yours faithfully,  
J. A.

## A Club Without Publicity Has A Non-Working Reporter

Of all the offices a club member can hold, none is more important than that of club reporter. Others may be as essential, but none carries more responsibility.

When a person is elected to that position, he or she is entrusted with the activities of his organization via the local newspaper. This person has a big job to do. If he does it well, it will reflect in the success of his organization's functions throughout the year.

If a club is constantly in the paper, it is sure to be active. If it is not always read about, one of two things must be wrong. Either the club is inactive, or the reporter is not doing his job. Many active organizations are obscure because their reporter is not keeping in proper contact with the newspaper.

There must be at least a hundred organized groups in Medina County and therefore it is a physical impossibility for the Anvil Herald to send a reporter to their many meetings. Probably 95% of these groups elect a reporter and yet we are occasionally accused of being prejudiced against a certain group because an account of their activities does not appear in the paper.

Believe us, we have no prejudices against any organization working toward worthwhile causes whether they be civic clubs or social groups solely for entertainment purposes. But it arouses our ire when someone asks us why a story about their group hasn't been in the paper when we haven't heard a word about it.

So our suggestion for all club members is this. If you do not like the lack of publicity your organization has had, don't blame the newspaper, but do elect yourselves a reporter or publicity chairman who will do their important job as it should be done.

After all, publicity is the lifeblood of any organization and news is the lifeblood of a paper — it should be easy for an organization and a paper to get together.

## HIGHLIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

Texas public schools will get state aid this year whether integrated or segregated.

Right of both to state aid was upheld last week by the Texas Supreme Court. It says the U. S. Supreme Court decision overturns Texas' school segregation laws but does not force immediate integration.

Apparently the court action removed need for a special session of the legislature.

Litigation originated in Big Spring. Suit was brought by the Texas Citizens Council in district court to prevent payment of state funds to mixed schools. High court judges, in effect, upheld District Judge Charlie N. Sullivan's ruling that portions of state law requiring segregation are unconstitutional.

Gov. Allan Shivers was quick to point out that neither the state nor U. S. courts set a deadline for desegregation, but both leave it to local school authorities.

Atty. Gen. John Ben Shepperd, who had sided with the Citizens Council, merely said the decision "settles the law in Texas on a statewide basis." He added that timing will be a "district-by-district matter."

Witnesses so testified before U. S. Sen. Price Daniel's subcommittee.

Department of Public Safety Director Homer Garrison charged that Mexican authorities are not cooperating with Texas officers in trying to halt the flow of dope across the border. Garrison and W. E. Naylor, chief narcotics agent of the department, testified that 90 per cent of the heroin and 98 per cent of the marijuana reaching Texas or flowing through Texas, came from Mexico.

Daniel invited the Mexican secretary of state and the Mexican representative on the narcotics committee of the United Nations to attend hearings. They did not show up at Austin, however.

From Austin, hearings went to San Antonio, Houston, Dallas and Fort Worth.

Rival liberalists have charged that the State Committee has "frozen" hotel space in Dallas with the design of keeping the liberals away.

**Committee Clears Shepperd**

In a closed session, a Texas Bar Association grievance committee voted to take no action on remarks Atty. Gen. John Ben Shepperd made about the Court of Criminal Appeals and Judge Lloyd W. Davidson.

Shepperd frequently has expressed himself as being opposed to closed sessions. He went to the meeting with a marked rule book containing passages on open and closed sessions of grievance committees, and requested that the hearing be open. The committee overrode the request.

Newsmen, sent by their respective newspapers to report the committee meeting, were told to leave the room before the committee convened. No previous announcement of the session's being closed was made.

The hearing resulted after the election of Judge Davidson brought an about face in 104 indictments in turbulent Duval County.

Shepperd commented that Davidson had expressed an opinion on the cases before they were presented to the court.

Following their four-hour session, the grievance committee said they had considered the matter and found that "no action should be taken. The matter is closed."

Rapidly increasing enrollment necessitated tests to eliminate students who will be unsuccessful, the Board of Regents stated.

**UT Entrance Exam Approved**

Beginning next fall the University of Texas will admit students on the basis of aptitude test score.

Tests are to be given probably three times a year, without cost to the applicant, at centers throughout the state.

Rapidly increasing enrollment necessitated tests to eliminate students who will be unsuccessful, the Board of Regents stated.

**The Moderates**

AUSTIN, Tex.—Texas, and possibly the nation, may have a new political group—the "moderates."

Sen. Lyndon Johnson started it when he commented that he was neither a liberal nor a conservative, but that he was a "moderate."

Since then the term has cropped up with increasing frequency in comments by leading figures over the state.

Governor Shivers has announced that he plans a tour into other states to urge selection of a "moderate" Democratic candidate for President.

With a Johnson-for-president move gaining momentum, Shivers

commented, when asked if Sen. Johnson fitted the middle-of-the-road pattern, that he seemed "more moderate than extreme."

The Governor emphasized that he will not be working for any specific candidate on his tour. He also has no view, he said, of trying to form a "coalition" of Southerners, as has been suggested.

"I hope to get into the West, the Middle West and possibly the East," he said.

Two others, one in Austin, one in Harlingen, are under construction now.

**Creeping Harmony**

Harmony in the Texas Democratic Party moved slowly. Speaker Sam Rayburn, leader of the liberals, has demanded a state delegation pledged to support the party nominee.

Governor Shivers, conservative leader, has opposed an advance pledge to support "any nominee."

Rayburn, however, has spoken approvingly of Lt. Gov. Ben Ramse, recently named national committeeman with the hope of bringing the two factions together.

Meanwhile the conservative Democratic State Executive Committee has launched a drive to get 3,500,000 persons to pay poll taxes or secure exemptions, for a big turnout next year. It expressed hope for 30,000 delegates at the convention set for May 26 in Dallas.

Rival liberalists have charged that the State Committee has "frozen" hotel space in Dallas with the design of keeping the liberals away.

**Committee Clears Shepperd**

In a closed session, a Texas Bar Association grievance committee voted to take no action on remarks Atty. Gen. John Ben Shepperd made about the Court of Criminal Appeals and Judge Lloyd W. Davidson.

Shepperd frequently has expressed himself as being opposed to closed sessions. He went to the meeting with a marked rule book containing passages on open and closed sessions of grievance committees, and requested that the hearing be open. The committee overrode the request.

Following their four-hour session, the grievance committee said they had considered the matter and found that "no action should be taken. The matter is closed."

Rapidly increasing enrollment necessitated tests to eliminate students who will be unsuccessful, the Board of Regents stated.

**Court Gets Giles Appeal**

Texas Court of Criminal Appeals is to hand down a decision, probably within a month, on Bascom Giles' first conviction.

Appeal was filed in the court on

Anvil Herald, Hondo, Texas 5 Friday, Nov. 11, 1955

the two-to-three year sentence imposed on the former land commissioner by an Austin district court in July.

Slated, but not yet filed, is a perfunctory appeal on a two-to-six year conviction on the case in which Giles pled guilty. It is designed, according to the defendant's son, Attorney Roger Giles, to "gain time."

### Education Meeting

One thousand education-minded Texans, meeting in Austin, selected "No federal aid, no federal control" as the theme they will take to the White House Conference on Education Nov. 28-Dec. 1.

Texas is one of five states that refuses federal funds for staging state and local education conferences.

Gov. Allan Shivers told the delegates to the conference that Texas did not seek federal aid to education. Further aid to the school system, he said, should come from the state, but without strings of control from the state level upon the local districts.

Rather than federal aid, one leader suggested "relief from the stupendous federal tax burden" to allow states more latitude for school financing. A re-examining of the state's total tax structure in search of additional school revenue as proposed.

Other problems on which the Texas Conference on Education exchanged ideas were: 12-months-a-year or six-days-a-week use of buildings; attracting and holding good teachers; keeping curricula up-to-date.

A consensus of their findings will be compiled into a report to be taken to the White House Conference.

### Court Re-Considers

Texas Court of Criminal Appeals is, for the second time, pondering the legality of the Duval Co. grand jury which returned 104 indictments against county officials.

This time it also is considering charges by Atty. Gen. John Shepperd that it "misrepresented facts" on its Oct. 5 decision nullifying the grand jury's action.

In a vigorous argument for reversal, Shepperd contended the majority opinion reflected on the "propriety and motives" of himself and Judge A. S. Broadfoot. He referred specifically to statements concerning alleged collusion between himself and Broadfoot.

Judge Broadfoot dismissed one grand jury in Duval County and made arrangements for a new one, which the high court held illegal. Shepperd's office assisted with the South Texas investigation.

**SHORT SNORTS:** Texas draft call for December will total 873 men for the Army and Navy, as compared with 1,000 in November. Texas population has reached an estimated 8,479,000, a 10 per cent increase over the official census report in 1950, according to the latest Federal Census report.

# PAGING THE LADIES

## Girls Entertain Parents Nov. 2

D'HANIS — The D'Hanis Chapter of Future Homemakers of America held a Pot Luck Supper Wednesday night, Nov. 2. Almost all the parents were present. The supper was prepared by the freshmen girls and served by the freshmen and sophomores.

The Senior girls were hostesses and Bernice Lutz, Adelina Del Toro and Mary Lois Langfeld served on the entertainment committee. Sing-song was led by Carol Ann Finger and bunco was played. Linda Nester won a pin cushion and potholders. Joe J. Rieber won the booby prize which was two snack trays.

A regular business meeting followed.

## Mrs. Wunderlich Celebrates Birthday Nov. 6

Mrs. Anna Wunderlich celebrated her birthday in the midst of her children, grandchildren and great grandchildren on Sunday, Nov. 6th at the home of her daughter, Mr. and Mrs. William Hoenig.

Mrs. Brucks is a graduate of Evanson Township High School and a 1952 graduate of Carleton College, Minnesota with a major in psychology.

Dr. Brucks was a graduate of Hondo High School in 1945 and received a degree in Veterinary Medicine from Texas A & M College. At present, they are living in Houston where Dr. Brucks is an associate in a veterinary clinic.

## Miss Miller, Bill Brucks Wed Sept. 27

The marriage of Dr. and Mrs. E. W. Brucks, Jr. was solemnized in Houston on the evening of September 27, 1955.

Mrs. Brucks is the daughter of Mrs. Howard C. Miller and the late Dr. Miller of Evanson, Illinois.

Dr. Brucks is the son of Mr. and Mrs. E. W. Brucks, Sr. of Hondo.

Mrs. Brucks is a graduate of Evanson Township High School and a 1952 graduate of Carleton College, Minnesota with a major in psychology.

Dr. Brucks was a graduate of Hondo High School in 1945 and received a degree in Veterinary Medicine from Texas A & M College. At present, they are living in Houston where Dr. Brucks is an associate in a veterinary clinic.

## H. D. CLUB DOINGS

### D'Hanis Sophomores Set Date For Party

D'HANIS — The sophomore class held their second meeting Oct. 31st. Ramon Garcia, appointed a committee of three to select a group of color combinations to be voted on.

The class voted on a date for the Sophomore party, deciding to have it in January.

BIRY — The Biry H. D. Club held their meeting on Nov. 3 at the home of Mrs. J. E. Neuman with all members and one guest present. Members brought gifts they had made. Names were drawn for the club's Christmas Party which will be held at the home of Mrs. George Schmidt on Dec. 10. During the social hour, punch was served.

### Devine Adds 300 To Population

Approximately two square miles of territory and 300 new residents were added to the City of Devine on Nov. 1 when officials of the city signed an ordinance making them part of the city.

Qualified voters in the area had previously voted 57 to 7 in favor of the annexation, the first addition to Devine since 1913.

The "new" citizens will benefit from savings on water rates, insurance, telephone and electricity. Expansion is located in the north part of town.

## 34 Win Turkeys In VFW Shoot At Base Range

At least 34 families in this vicinity were assured of a turkey bone for Thanksgiving following Sunday's shoot out at the airfield range.

Sponsored each year by the local V. F. W., the turkey shoot has come to be a big affair.

Turkeys are won by would-be Dead-Eye Dicks and Diannas on the basis of their ability to shoot the bulls-eye on a target. Mrs. Fred Bader had the honor of being the only woman to win a bird.

Other winners were: Bru Miller, John H. Meyer, Charles Winkler, Lawrence Coyle, W. T. Hardy, Howard Haby, Milton Thies, Joe Davis, Maurice Zerr, Robert Wurzbach, R. J. Weppelman, Ned Davenport, Hilmer Mueller, B. H. Doler, Jesse Stephens, Doolie Eckhart, Robert Bourquin, Hy Uhr, Hubert Hermes, Geo. Cameron, L. H. Britsch, John Brunell, Frank Auster, John R. Wenzt, L. C. Larson, O. W. Sparks, J. J. Greenhalge, Menno Hamm, Wm. McGee, Wm. Sorrick, L. H. Winans, Edwin Schulte, and Larrie Hermes.

Winners in a drawing later in the day were Dan Thrasher, Alvin Kempf and A. Weynand.

## C. A. P. Shows Steady Growth

Hondo's growing Civil Air Patrol squadron, which has grown from a handful of cadets and no airplane to 26 cadets and three planes, is sponsoring a benefit dance Nov. 12.

Squadron commander is Bruce Allen who states that CAP's main purpose is to interest young people in the future of aviation. Under the leadership of Joe Gafford and James Janetsky, licensed mechanics, the senior members and cadets of the local group have completely built one of the airplanes. They study radio, meteorology, navigation, mechanics of aircraft and engines, and techniques of flight.

Parents are invited to take their children to the CAP headquarters Saturday night.

## Here In Hondo

Miss Marilyn Bendele, who is a freshman at Our Lady of the Lake College in SA, has been on a trip to Mexico with one of her classes.

## YANCEY NEWS

By Mrs. Harrison Wilson

M&M Emil Bohmfalk went to SA Thursday night with the Clifford Bohmfalks of Hondo, shopping.

Mrs. Bynum and children of SA spent the day Sunday with the George Heiligmans.

Mrs. Dan McCrea's mother, Mrs. G. Worley of Uvalde fell last week, while out feeding her chickens and broke her shoulder and pulled the arm out of the socket. She is up and about at her home in Uvalde.

Sunday guests of the Emil Bohmfalks were the Rolf and Clifford Bohmfalks of Hondo and Miss Rosalie Bohmfalks of SA who was out for the weekend. Other guests during the week were the Fred Bohmfalks.

Mrs. Bill Faseler, M. r. s. Coy Worley, Mrs. Bob Ralph and boys went to Uvalde Monday to visit the George Heiligmans and to take Elder H. J. Meyer to the train.

Elder Meyer, whose home is in Pasadena, Calif., has been at the home of M&M George Heiligman for the past several weeks.

Heiligman and Elder Meyer spent a week in Mexico, touring the country around Monterrey and Monteralis. Mrs. Heiligman said they have been in that area many times and it's always been very dry, but because of the heavy rains earlier, the country is beautiful.

Sunday night about forty friends gathered at the Heiligman home to bid Elder Meyer goodby - he left Monday for his home in California from Uvalde.

M&M E. T. Wiemers and Gene spent Sunday in SA with M&M Leroy McCoughan and Jim. In the afternoon they went by to see the new baby son, Darrell Wade, of Mr. and Mrs. D. A. Wright.

Mrs. Telia Bridges and sons, Maurice and Bobby of San Marcos, were out for the weekend with M&M Lucian Ward and family.

M&M Fielding Wiemers and boys went to SA Sunday, for the day with M&M D. A. Wright and family.

Guests of the Harrison Wilsons Sunday were M&M Thomas Nixon, Barbara, Charlotte and Tom Jr. of SA. Others here for lunch were M&M Albert Wilson and family, M&M Wilbur Wilson and boys, George Wilson and Jimmie.

M&M Leonard Wiemers and Linda of SA spent last Tuesday with the Fielding Wiemers.

We are having a fine slow rain falling today. More than an inch has fallen at our place and still raining.

## Here In Hondo

Mr. and Mrs. Walter Nester, accompanied by Mrs. W. J. Nester, are visiting the D. V. Days of Crystal City.

Mrs. W. T. Crow was called to Austin last week to attend the funeral of her brother-in-law, Grover C. Deen, Sr., who died suddenly while visiting his son in Albuquerque, N. M. Others from Hondo attending the services were Mrs. Ray Jennings and Mrs. V. Horace Crow.

Mike Lanham, a senior at Baylor University, and Sammy Lanham, an attorney at Waco, were weekend visitors in the home of their parents, M&M Sam Lanham. The Lanhams observed their 25th wedding anniversary Sunday.

## Be Careful Signing John Henry

Whenever you are asked to sign something, your signature should be a warning signal that in some way you may become legally obligated by what you sign.

Usually you are asked to sign something as a result of a business transaction, such as a contract, a receipt, an order, a release, an option, a mortgage or a deed. For your own protection, you should clearly understand what you sign, why you are signing it, and what the consequences may be. It is rarely possible for a person who has signed a document to avoid its legal effects.

You can decrease your legal risks by always taking these precautions before you sign anything:

Understand clearly what it means. Don't be confused by its title — a statement may be a release of all your claims, or a "contract" may be a negotiable promissory note, "Co-signing" a note may result in your having to pay it.

Clauses in fine print may be important. Remember, too, that oral promises not included in writing may be unenforceable. Take nothing for granted.

Be sure the dates, prices, names and conditions filled in are correct. You are bound by what it says, not by what you thought it said.

Inquire about conditions and items of importance to you. Don't sign unless you understand what it means. Language clearly stating what you want can be inserted. If large sums are involved, consult with your attorney.

Be sure the proper persons sign. Request and retain a copy. Record it, if necessary, with the public official.

Like your fingerprint, your signature is unique. No one else has one exactly like it. Only you can sign it, and affixing it may set into motion events of great legal consequence. Treat it with the importance it deserves, and do not bestow it carelessly. If in doubt, seek information and advice.

If a taxpayer's exemptions have changed, he should obtain at once a new certificate (Form W-4), fill it out and return to his employer.

Most employers will be able to advise employees on their exemption status, DeShazo said.

**INCLUDED WITH THIS WEEK'S** issue of The Anvil Herald is the second Sun and Soil magazine section. You'll find stories about a turkey ranch near Seguin, a man who is running a cow on every ten acres without any irrigation, and another about a group of women who formed their own Chamber of Commerce. Shown above are some of the cattle that graze on the Roy Jones ranch near Carrizo Springs, and another picture that shows the root-plowed pasture, with Mr. Jones taking a look at the new growth of grass.

## Tax Withholding Records Should Be Kept Current

Taxpayers subject to withholding tax should be careful that their exemption records are current, George K. DeShazo of the San Antonio office of the Internal Revenue Service warned today.

One of the common difficulties experienced by the service is straightening out incorrect withholding tax certificates.

Keeping one's employer posted concerning exemption status benefits both the employer and revenue service, DeShazo pointed out. It enables the employer to maintain accurate records in both his own bookkeeping accounts and in his payment of these taxes to the service. The revenue service is enabled to make more quickly accurate analysis of the taxpayer's return.

If a taxpayer's exemptions have changed, he should obtain at once a new certificate (Form W-4), fill it out and return to his employer.

Most employers will be able to advise employees on their exemption status, DeShazo said.

## Mrs. Sharp Doesn't Pine For "Good Ole Days"!

By Mrs. Jack Sharp

QUIHII — News will be scarce this week, I left it until Monday evening, then the electricity "goes off"! I am writing this by a kerosene lamp. We really learn to appreciate electricity when we don't have it. I could do a neighborly deed though—I called one of my neighbors and offered to divide my candles! Various lighting systems are being used, as flashlights, candles, and even birthday candles! When I hear people sigh for the good old days, I think, "No, no—that means wood stoves and kerosene lamps."

Mrs. Minnie Whetstone of Ovalde spent the weekend visiting M&M Jimmy Gray and children, Frances Nell, Randy, and Pam. M&M Ethma Saathoff and children, Emaleen, Loretta and J. E. should have been listed among those enjoying barbecue with Connie Lou Saathoff on her birthday. I am sorry that I left them out.

During the late summer and early fall Mrs. Clarence Bohlen had beautiful flowers in her yard. I thought every week that I would mention them, but I didn't. Those flowers are gone and I am sure that I am not the only one who misses them.

M&M Frank Muennink and M&M Franklin Muennink and children, Glenn and Karen, were Sunday dinner guests of Misses Lillie and Nellie Muennink in SA. Mrs. Hilda Wiemers was also a visitor there.

M&M Douglas Riff and sons

# Reporters! Publicity Chairmen! Here Is A Check List For You -

Our editorial this week is on news reporting and while we are on the topic, we'll list some pointers to those individuals who are covering news for their organizations.

We hope every reporter in the county will clip this article and use the suggestions listed.

First, be sure the story is timely. As soon as you get home from attending a club meeting, sit down and write a news article about the important things that happened and send them in immediately. We do not like "stale" articles; they are no longer news if they are old. Occasionally, due to space limitations, we are unable to run an article the week it is sent in—especially if we don't receive it 'til Tuesday afternoon or Wednesday, but do not let that stop you from sending them in on time. If the story is real old when we receive it, it may never be used.

Second, ask yourself these six questions: Who, what, when, where, why and how. When the answer to these questions is contained in your write-up, you have everything necessary for a complete story—the rest is just detail.

Use names of people in the story, but spell them correctly. If your handwriting is not clear, kindly print the names of persons involved.

Put important things at the first of your story. For example, if an election is held, that is the most important point in your story—not that the secretary read the minutes of the last meeting, even though reading of the minutes came before the election. And unless the secretary dropped her teeth while reading the minutes or did some other newsworthy thing—it isn't even necessary to mention minutes at all. Every properly run organization reads the minutes, so that is not news.

Articles should be written on only one side of the paper, leaving a couple of inches at the top of the page and enough spacing between lines to permit editing, if the editor feels that the wording is not proper.

The Anvil Herald wants news of your activities and people should not feel reluctant to bring items to the paper or phone them in.

## Castro Band Boosters To Meet 28th

Thursday evening at 8 p.m., the Castroville Band Boosters Club members met in the public school auditorium.

It was decided to hold one meeting each fourth Monday in month.

The next meeting will be held Nov. 28 at 8 p.m., public school auditorium.

Two musical numbers were played by Pat Lafferty, Clarence Huegele and son, Colvern. Those present accompanied them by singing.

A flute duet was played by Jonell Riff and Margaret Herring.

Margaret Herring played a flute solo accompanied by Mrs. Carl Richter on the piano.

Mr. Fojtik was made Program Chairman.

A planning committee was appointed to make arrangements for the program to be given some time in February. Those appointed were: Mrs. Carl Richter, Miss Ruth Lawler, Clarence Huegele and Mr. Fojtik.

### Presents Skit Tuesday

Tuesday morning at 9:30 a.m., the FFA Chapter of Castroville High School presented a skit during Assembly Hour as part of FFA Week. The FFA Chapter of St. Louis High School were guests at the Assembly.

The Opening Ceremony was presented by the Chapter Officers and then President Gaye Griggs turned the program over to the narrators, Lucille Rihm and Bonnie Nell Habby.

Lupe Garza, who portrayed a Future Homemaker of Japan then entered and asked the narrators to tell her about FFA in America. The narrator suggested that they take a peek into some of the homes of the Future Homemakers of America for the answer.

The first scene portrayed wholesome recreation, one of the purposes of the FFA. The following scenes showed other purposes and goals such as: "Families Together", Family Capers, "Civil Defense Activities", "Sharing of Friendship", and "Family Devotion". This last scene portrayed a family grouped about their beloved grandmother as Margaret Herring sang "Silver Threads Among the Gold" and following this, "God Bless This House".

To complete the Assembly program, a short pep rally was held for the Junior Football Team which meets Charlotte on November 1st there.

**SPEAKING  
OF  
SPORTS**

By Dr. John H. Jennings

**Owls Overpower Carrizo**

The powerful Hondo Owls went to work on Arthur Dawsions' Wildcats and convinced everyone of their right to be the No. 1 team in Dist. 29-A. The score was 48 to 6 . . . and it all came about in the usual weekly pattern. It was too much of Pete Angermiller's running and Alvin Hartman's passing . . . and the usual rock walled Hondo defense. Carrizo got only 67 yards rushing, so the Owls kept that record intact. No team has managed over 68 yards rushing.

Fleet Pete Angermiller keeps improving. He ran for 219 of the Owls 340 rushing yards for a 13 yard average! His longer runs were for 70, 34, 16 and 16 yards. You just can not say too many nice things about his value to the Owls. QB Alvin Hartman completed 5 of 12 passes for 167 yards and two TD's! Oh, how nice it is to have a passer of his ability on your side. His throws are so very accurate and look so soft to catch . . . the once more two apparent TD passes were dropped this week. The receivers are doing a beautiful job of getting open. Richard Schulte once again got behind the safety man and made a beautiful stretching catch on the Carrizo 35 to go for a 60 yd. TD play . . . as pretty a play as you could hope to see. Big Richard also kicked 6 of 7 extra points. He has now made good 24 of 32 tries.

Then about 1½ minutes later, 10 seconds before the half, Angermiller broke through the line and out-maneuvered all defenders for a thrilling 70 yard TD run.

The final Owl score came the first time they got the ball. It was a 99 yard march . . . 73 yard rushing and a 26 pass play sandwiched in. Pete ran for 50 of these yards and caught the 26 yard pass! Angermiller got the 2nd Owl TD to cap a 55 yard march, and Hartman passed to Schulte for the 3rd, which covered 60 yards. Number four was Pete's 70 yard run. The fifth was a 30 yard run by Johnny Windrow as he picked a Wildcat fumble out of the air; Don Neumann got the next, and the last one was a 30 yard pass play from Hartman to Ray Highsmith; this completion came after two previous TD passes were dropped by the Owls.

**Other Comments**

Butch Wools was sick the day of the game, and saw limited service . . . though he carried 6 times for 34 yards. Don Neumann got 27 yards in 9 tries. Ray Highsmith and Larry Keel are rapidly showing everyone they want to play some ball for the Owls this year. Larry carried the ball 3 times for 32 yards and each time he leaned into his would-be tacklers with some authority. Ray Highsmith went 35 yards on 5 carries and caught a 30 yard TD pass. He looked good.

Some of the other boys are showing their spirit too . . . and are getting to see more action, like Big Curtis Wiemers, Parker Meyer, Clyde Bohmfalk, Albert Vance, Wayne Balzen, Wm Reus and Bobby Taylor. Most of these boys will be with the Owls next year. All of this makes for a healthy situation when you have boys battling to show they want some game time. It improves the efficiency of the entire team.

The Owls have been receiving a number of penalties lately . . . something they will have to watch . . . for a close game will appear any week now, and that type of thing can wreck you.

**An Opponent Scores**

The Owls seemed to feel like they had lost the game when Carrizo scored to make the tally read 48 to 6. It was only the third TD of the year for an Owl opponent. Thirty yards in penalties had backed the Owls to the one yard line and the punt was returned to the 21 where Carrizo went over on six plays. Every Owl seemed to break through to block the extra point. A few minutes later the Owls started a goalward drive to the Wildcat 26 where an Angermillers' pass was blocked and caught by a Carrizo lineman . . . and off he took for the Hondo goal . . . and he seemed to be gone too, when all of a sudden, Charles Tilley came from nowhere and with all the determination in the world, overtook his man on the Owl 14. Then Carrizo tried a pass and who should catch it but Tilley and off he went again . . . from the Hondo 10 to the Carrizo 22 in as exciting a race and one man finish to a ball game you could hope for. Tilley just assigned himself the one man task of not allowing a fourth TD against the Owl record! In the shower after the game, Tilley commented in typical lineman fashion, "If you backfield men had been blocking, I'd have gone all the way."

## Deer Dog Use Is Clarified

Use of dogs to hunt deer during the legal hunting season still is permitted in Sabine and Nacogdoches counties despite an apparent change in their status, it was announced by the Executive Secretary of the Game and Fish Commission.

The disclosure, based on an opinion by Attorney General John Ben Shepherd, came after the Commission's Law Digest was published and distributed containing the names of ten counties instead of twelve where deer hunts actually may be made during the open season on deer.

The other ten counties permitting deer hunts are Brazoria, Fort Bend, Hardin, Jasper, Matagorda, Newton, Panola, Polk, Shelby and Tyler.

The Executive Secretary said use of dogs to hunt deer formerly was widespread in the East Texas brush country but that the number of counties permitting this custom had gradually dwindled.

# Wildcats Tamed By Hondo Owls

By Charles Tilley

This was a big one . . . and the Owls won 48-6. With this victory under their belt the Owls have only to beat Pearsall and San Felipe. Pete Angermiller led the scoring with three touchdowns, followed by Schulte, Neuman, Windrow, and Highsmith. Schulte batted a .859 by converting 6 out of 7 extra point tries.

Word has it that Pearsall is priming and is most eager to puncture the Owl bubble. The Mavericks were upset in hand fashion by Crystal City 1 a s t Thursday 34 to 7, but we hear a number of the boys were sick or hurt and this is no indication of their potential. All sorts of rumors are going around about Hondo in Pearsall and all seem to have one motive . . . to fire their boys up for a chance to knock off the Owls. They have the right idea too, for if anyone is going to beat these 1955 Owls, they are going to have to be plenty fired up. It will take lots of fire in the furnace, but it can be done if the Owls ever let down . . . IF is the key word in that phrase. The Owls have worked very hard to build up their impressive records and if anyone is going to blow it up, they will have to take it away from them. The Owls have built a pride in their accomplishments. They will not be handing their precious record over to anyone without putting out a pretty good battle. If Pearsall is eager to mix with the Owls, they should find the flock most willing to cooperate. Pearsall has one of the best backs that the Owls have faced so far and their main job will be stopping him. His name is Ornelas. The Owls did a fine job of handling Carrizo's two fine tacklers last week. Here is the Pearsall season record. They won their first five games, but have lost the last three:

Pearsall 19—Plasanton 13

Pearsall 6—Devine 0

Pearsall 19—Jourdanton 0

Pearsall 19—San Felipe 0

Pearsall 34—South San 7

Pearsall 6—Uvalde 13

Pearsall 12—Carrizo 14

Pearsall 7—Crystal City 34

Pearsall has scored 122 to 80 for their opponents. Hondo has scored 122 to 18 for their opponents.

An added note: Note the Pearsall Drum Major. She is Betty Sanders . . . daughter of former Hondo Jeanette Merritt and grand-daughter of C. M. Merritt, County Agent here for so many years.

**Play Off Teams**

The champion of Dist. 29-A will probably play the winner of this week's Poet-Three Rivers game. Further down the line, Hondo appears to be the class in their district, while Deere Park and Industrial are rolling in theirs.

**Hondo "B's" Tied**

The Hondo "B" team and Floresville "B" played to a scoreless tie last Saturday night on Barry Field. The Floresville boys were a bit larger than the future Owls, but the boys played a fine defensive game. Jimmy Timmerman was especially outstanding. Hondo got within the 10 yard line one time, but fumbled away their scoring opportunity and Floresville was held for downs when they were within the Hondo 10. Billy Potsavich was the Hondo offensive stand-out.

**Scoreboard Ordered**

The scoreboard for Barry Field has been ordered and will be installed in time for the San Felipe game. It will be like the board in Carrizo only with more lighting and a few colored lights to make it easier to read. A list of all donors will be run when the list is fully completed.

**QUIP-tical Remarks**

A Carrizo fan stopped Cub Barry after the game last Friday night and said, "Well, you beat us, but I still don't think you have a very good ball club." To which Cub retorted, "Well, maybe not, but give 'em time. They're just sophomores and juniors and they ought to be pretty good next year."

The Owls received the kickoff on their 20. In the series of plays that followed the Hondo team moved the ball down to the Carrizo 38. Angermiller fumbled and the Wildcats recovered on the 37. On the next play "Bruiser" Windrow intercepted the ball in the Wildcat backfield and ran 35 yards, for a touchdown . . . The score - 34-0.

Later in the fourth quarter Turner managed to get behind the Owl secondary and caught a pass good for about 20 yards. The quarterback managed to sneak over from the Owl 8 yard line.

The last minute proved to be about the most exciting of the game. (Of course, it seemed more exciting to me than anyone else.)

The Owls were in scoring position on the Carrizo 24. Lindquist broke through the line, intercepting the ball, and went strutting towards the Hondo goal line.

Some Owl (I believe it was Tilley) pursued Lindquist and spilled him on the Owl 14 yard line.

On the very next play, the same Owl (I think it was Tilley again) intercepted a pass. Immediately, a half dozen Owls began spilling the yellow-suited men.

Windrow, Meunink, Koc, Wools, and Schulte were all in there cutting them down. The 64 yard sprint died in vain as a Wildcat came from across field and knocked Tilley out of bounds on the Carrizo 22.

The Owls journey to Pearsall this week for their ninth game of the season.

## Area Shoots Beneficial To Wildlife Program

AUSTIN — Widespread interest in harvesting surplus deer on wild life management areas is proving beneficial in several ways, reports the Director of Wildlife Restoration for the Game and Fish Commission.

Plantation in the Sabine National Forest as a possible future location for controlled deer hunting. Recent surveys revealed deer numbers would justify the hunt.

The only thing preventing that Sabine shoot this fall was pending adjustment of some practices inconsistent with modern wildlife management methods in isolated East Texas areas.

Approximately nine hundred names were drawn since experience has shown that only a certain percentage of the first wave of hunters got their deer in the one day allotted time.

The names were sent in from practically everyone of the state's 254 counties.

"This is a heartening development," said the Director, "since these public hunts which cost only the price of a \$2.15 regular hunting license generally appeal to all types of sportsmen. We find they are a pretty cooperative lot and many of them make the trip out of sheer curiosity.

"In other words, they come to see how modern game management techniques are applied. Of course, we hope some of our own enthusiasm rubs off on them and that they will help us get over the story of what we are trying to do in wildlife restoration in Texas."

"The Director said prospects are good for expanding the conducted and limited public hunts and cited the 11,500 acre Moore
